

# WYCO Consulting, Inc.

Providing Engineering & Surveying Solutions

## Company Overview

**WYCO Consulting, Inc.** provides Civil Engineering, Surveying and Land Development solutions to a diverse group of public and private clients throughout Ohio and Kentucky. Incorporated in 1998 by Ruth Campbell, PE, PS, WYCO is a woman-owned small business.

With more than a century of combined field and office experience WYCO's employees insure that our surveying data, construction staking, and engineering designs, are clear, concise and comprehensive. Whether we enter the project at the conceptual stage, the as-built survey stage or at some point in between every deliverable is subjected to our extensive quality control processes.

## Key Personnel

**Ruth Campbell, PE, PS**, president of WYCO Consulting, Inc., joined WYCO's predecessor company, WYCO Engineering and Surveying in 1987. Licensed as a Professional Engineer and as a Professional Surveyor, Ruth has a comprehensive knowledge of civil engineering, surveying and land development and more than fifteen years experience in engineering management.

**Steve Parker, PE** joined WYCO in 2005 and is manager of engineering projects. Steve has more than a decade of experience in the design and construction of commercial, institutional, municipal and residential projects, storm water management and field inspection.

**Elaine Eversole**, our office manager, has been with WYCO since 2002. She oversees our office procedures and policies and manages the daily operation of the office.
